

# Cassettes with clamp

## Cassette with clamp lever

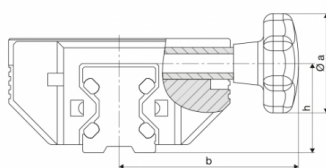

Cassettes with clamping levers allow the cassettes to be locked in any position along the guideway. The clamping acts without force on the guide system. It is used for manually movable devices, clamping and holding stops, delivery of tools and processing parts. We would be happy to advise you on application and design.

Size	Dimensions mm				Holding force N	Order no.	
	Thread	b	h	l		Standard	Niro
15	M 5	59,5	19,0	45	200	84396AH	84396NH
20	M 5	67,5	23,0	45	250	84441AH	84441NH
25	M 6	71,0	28,0	45	250	84363AH	84363NH
35	M 8	96,0	38,5	63	350	84364AH	84364NH
45	M 10	116,0	48,0	78	750	84365AH	84365NH

## Cassette with star grip - standard

Cassette with star grip or clamping lever for locking at any position on the guide track. The clamping acts without force on the guide system. It is used for manually movable devices, clamping and holding stops, delivery of tools and processing parts. Please consult us for further information.
